

PRODUCT CODE - 2257
ROSALEE ADPRO ADHESION PROMOTOR

Scope

Till very recently, the plastic bumpers of cars in india, used to come unpainted and in black colour. The plastics are notorious for catching dirt and within no time, the whole car would look ugly. It was the case with plastic dashboard neither paint, nor even P.U will adhere to the plastics. To solve the problem, we have developed a product, with brand name adpro, which when used on plastics, will provide adhesion to the subsequent P.U coating . Besides, the bumpers can be painted, to match the main colour on the body of a car, thereby making it look, very elegant. Areas of Application

Areas of Application

Plastic bumpers, plastic dash boards on any other plastic component of a vehicle.

Surface Preparation

In case of unpainted bumpers or dashboards, wash with water, containing good quality of detergent. Allow to dry thoroughly. Then clean with any solvent for removing any stain of oil or grease. Again, allow the solvent to evaporate totally.
